Art. 5 – SELECTION

Selection is necessary in order to assess the applicant's knowledge and aptitude in research in the scientific areas referred to in art. 3.

The selection is made by the Admission Committee, based on evaluation of the applicant's qualifications according to art. 4.

Applicants obtaining a minimum score of 60/100 will be short-listed.

For the evaluation of applicants intending to apply for one or more grants related to a specific topic, it will be taken into evaluation the submitted short project (Attachment 9).

Grants non related to a topic will be considered with a lower preference

Art. 6 – ADMISSION COMMITTEE

The Admission Committee is nominated by the Rector in consultation with the Doctoral School Committee. It consists of three members chosen among professors and researchers including foreign figures who are experts in the scientific areas of the Doctorate. The Committee may also include a maximum of two experts from national and international research institutes, either public or private ones.

The Committee evaluates qualifications and assigns scores. On the basis of points given, the Committee compiles a list of applicants in order of merit. The short-list will be displayed on the website:

<http://www.unitn.it/ateneo/2510/concorso-di-ammissione>

Notification is considered as delivered through the announcement of the list.

The successful applicants will not receive personal communications of their results.

Art. 7 - ADMISSION TO THE DOCTORAL SCHOOL

The Doctoral School admission is based according to a short-list created by the Admission Committee to cover all places available published in this Call.

If a successful applicant withdraws before the beginning of the course (**1st of November 2011**), the **next applicant** on the short-list will be offered the place. The latter must submit his/her application for enrolment at the Doctoral School within 10 days following the communication from the Central Doctoral Office.

If a successful applicant withdraws or is excluded **after the beginning of the courses** and **during the first term of the first year**, the Doctoral School Committee may decide to fill the vacancy with the next applicant on the list.

According to art. 19, paragraph 3 of the University Regulations for Doctoral Schools and to what has previously been deliberated by the Doctoral School Committee, the Admission Committee may admit to the supernumerary places, up to **20%** more of the total announced places, those applicants, following the rank order of the short-list, who belong to one of the following categories:

successful applicants for places covered with a grant;

within 30 days following publication of the short-list on the website, <http://www.unitn.it/en/ateneo/2778/announcement-selection>

Successful non EU applicants holding an academic certificate obtained outside Italy and EU successful applicants holding an academic certificate obtained in a non EU country, must submit their degree certificate with the examinations passed and the grades obtained, translated and authenticated by an Italian Consulate, Embassy or Diplomatic Representative in the country of the university that issued the degree together with the respective declaration of validity ("Dichiarazione di Valore") **no later than the 10th of November 2011**.

Short-listed applicants who do not submit their application within above mentioned deadlines will lose the right to enrol and the corresponding place is consequently offered to the next applicant on the short-list as outlined in art. 7 of the present call.

At the end of the enrolment period, Doctoral students must communicate via e-mail (infoICT@disi.unitn.it) to the School Secretariat the exact date of their arrival.
